⊗ A grid reference helps us accurately map the location of the record. See our website for how to work out a grid reference, or give as accurate a description of the location as possible.

✿ When recording Sex/Stage, think about details such as; adult, immature, male, female, caterpillar, larva, eggs, nest.

Records provided to BRERC are deemed to be made available for BRERC to use in accordance with its role as a Local Records Centre. As such, records may be widely distributed by BRERC to third parties, in a variety of formats and media, such as through the National Biodiversity Network Gateway and other websites. Personal information is not supplied by BRERC to data enquirers but names and address may be used by BRERC when mailing newsletters, recording forms, invitations to meetings and other information or publicity material. More details of BRERC policies can be found on our website at: <http://www.brerc.org.uk>.
